EXPLANATORY NOTE

This report combines the quarterly reports on Form 10-Q for the period ended June 30, 2026, of Prologis, Inc. and Prologis, L.P. Unless stated otherwise or the context otherwise requires, references to “Prologis, Inc.” or the “Parent” mean Prologis, Inc. and its consolidated subsidiaries; and references to “Prologis, L.P.” or the “Operating Partnership” or the “OP” mean Prologis, L.P., and its consolidated subsidiaries. The terms “the Company,” “Prologis,” “we,” “our” or “us” means the Parent and the OP collectively.

The Parent is a real estate investment trust (a “REIT”) and the general partner of the OP. At June 30, 2026, the Parent owned a 98.01% common general partnership interest in the OP and substantially all of the preferred units in the OP. The remaining 1.99% common limited partnership interests are owned by unaffiliated investors and certain current and former directors and officers of the Parent.

We operate the Parent and the OP as one enterprise. The management of the Parent consists of the same members as the management of the OP. These members are officers of the Parent and employees of the OP or one of its subsidiaries. As sole general partner, the Parent has control of the OP through complete responsibility and discretion in the day-to-day management and therefore, consolidates the OP for financial reporting purposes. Because the only significant asset of the Parent is its investment in the OP, the assets and liabilities of the Parent and the OP are the same on their respective financial statements.

We believe combining the quarterly reports on Form 10-Q of the Parent and the OP into this single report results in the following benefits:

- enhances investors’ understanding of the Parent and the OP by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- eliminates duplicative disclosure and provides a more streamlined and readable presentation as a substantial portion of the Company’s disclosure applies to both the Parent and the OP; and
- creates time and cost efficiencies through the preparation of one combined report instead of two separate reports.

It is important to understand the few differences between the Parent and the OP in the context of how we operate the Company. The Parent does not conduct business itself, other than acting as the sole general partner of the OP and issuing public equity from time to time. The OP holds substantially all the assets of the business, directly or indirectly. The OP conducts the operations of the business and is structured as a partnership with no publicly traded equity. Except for net proceeds from equity issuances by the Parent, which are contributed to the OP in exchange for partnership units, the OP generates capital required by the business through the OP’s operations, incurrence of indebtedness and issuance of partnership units to third parties.

The presentation of noncontrolling interests, stockholders’ equity and partners’ capital are the main areas of difference between the consolidated financial statements of the Parent and those of the OP. The differences in the presentations between stockholders’ equity and partners’ capital result from the differences in the equity and capital issuances in the Parent and in the OP.

The preferred stock, common stock, additional paid-in capital, accumulated other comprehensive income (loss) and distributions in excess of net earnings of the Parent are presented as stockholders’ equity in the Parent’s consolidated financial statements. These items represent the common and preferred general partnership interests held by the Parent in the OP and are presented as general partner’s capital within partners’ capital in the OP’s consolidated financial statements. The common limited partnership interests held by the limited partners in the OP are presented as noncontrolling interest within equity in the Parent’s consolidated financial statements and as limited partners’ capital within partners’ capital in the OP’s consolidated financial statements.

To highlight the differences between the Parent and the OP, separate sections in this report, as applicable, individually discuss the Parent and the OP, including separate financial statements and separate Exhibit 31 and 32 certifications. In the sections that combine disclosure of the Parent and the OP, this report refers to actions or holdings as being actions or holdings of Prologis.

PROLOGIS, INC. AND PROLOGIS, L.P.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 1. GENERAL

Business. Prologis, Inc. (or the “Parent”) commenced operations as a fully integrated real estate company in 1997, elected to be taxed as a real estate investment trust (“REIT”) under the Internal Revenue Code of 1986, as amended (the “Internal Revenue Code” or “IRC”), and believes the current organization and method of operation will enable it to maintain its status as a REIT. The Parent is the general partner of Prologis, L.P. (or the “Operating Partnership” or “OP”). Through the OP, we are engaged in the ownership, acquisition, development and management of logistics facilities with a focus on key markets in 20 countries on four continents. We invest in real estate through wholly owned subsidiaries and other entities through which we co-invest with partners and investors. We maintain a significant level of ownership in these co-investment ventures, which may be consolidated or unconsolidated based on our level of control of the entity. Our current business strategy consists of two reportable segments: Real Estate (Rental Operations and Development) and Strategic Capital. Our Real Estate Segment represents the ownership, leasing and development of logistics properties. Our Strategic Capital Segment represents the management of properties owned by our unconsolidated co-investment ventures and other ventures. See Note 10 for further discussion of our reportable segments. Unless otherwise indicated, the Notes to the Consolidated Financial Statements apply to both the Parent and the OP. The terms “the Company,” “Prologis,” “we,” “our” or “us” means the Parent and OP collectively.

For each share of preferred or common stock the Parent issues, the OP issues a corresponding preferred or common partnership unit, as applicable, to the Parent in exchange for the contribution of the proceeds from the stock issuance. At June 30, 2026, the Parent owned a 98.01% common general partnership interest in the OP and substantially all of the preferred units in the OP. The remaining 1.99% common limited partnership interests are owned by unaffiliated investors and certain current and former directors and officers of the Parent. Each partner’s percentage interest in the OP is determined based on the number of OP units held compared to total OP units outstanding at each period end and is used as the basis for the allocation of net income or loss to each partner. At the end of each reporting period, a capital adjustment is made in the OP to reflect the appropriate ownership interest for each of the common unitholders. These adjustments are reflected in the line items *Reallocation of Equity* in the Consolidated Statements of Equity of the Parent and *Reallocation of Capital* in the Consolidated Statements of Capital of the OP.

As the sole general partner of the OP, the Parent has complete responsibility and discretion in the day-to-day management and control of the OP, and we operate the Parent and the OP as one enterprise. The management of the Parent consists of the same members as the management of the OP. These members are officers of the Parent and employees of the OP or one of its subsidiaries. As general partner with control of the OP, the Parent is the primary beneficiary and therefore consolidates the OP. Because the Parent’s only significant asset is its investment in the OP, the assets and liabilities of the Parent and the OP are the same on their respective financial statements.

Basis of Presentation. The accompanying Consolidated Financial Statements are prepared in accordance with United States (“U.S.”) generally accepted accounting principles (“GAAP”) and are presented in our reporting currency, the U.S. dollar. Intercompany transactions with consolidated entities have been eliminated.

The accompanying unaudited interim financial information has been prepared according to the rules and regulations of the U.S. Securities and Exchange Commission (“SEC”). Certain information and note disclosures normally included in our annual financial statements prepared in accordance with GAAP have been condensed or omitted in accordance with such rules and regulations. Our management believes that the disclosures presented in these financial statements are adequate to make the information presented not misleading. In our opinion, all adjustments and eliminations, consisting only of normal recurring adjustments, necessary to present fairly the financial position and results of operations for both the Parent and the OP for the reported periods have been included. The results of operations for such interim periods are not necessarily indicative of the results for the full year. The accompanying unaudited interim financial information should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2025, as filed with the SEC, and other public information.

Accounting Pronouncements.

New Accounting Standards Issued but not yet Adopted

Disaggregation of Income Statement Expenses. In November 2024, the FASB issued an ASU to enhance disclosures about certain expense types in commonly presented expense captions on the Consolidated Statements of Income. The ASU requires additional disclosures that disaggregate expense captions into specific components with qualitative descriptions. This standard is effective for the fiscal year ended December 31, 2027, and interim periods thereafter, on a prospective or retrospective basis. We do not expect the standard to have a material impact on our Consolidated Financial Statements as we anticipate the primary change will be additional disclosure.

Hedge Accounting Improvements. In December 2025, the FASB issued an ASU to clarify certain aspects of hedge accounting and address incremental hedge accounting issues arising from global reference rate reform. The ASU targets more closely aligning hedge

Index

accounting with the economics of an entity's risk management activities and clarifies strategies in financial reporting that can be utilized to enable entities to achieve and maintain hedge accounting for highly effective economic hedges of forecasted transactions. This standard is effective for the interim period ended March 31, 2027, and interim and annual periods thereafter, on a prospective basis. We do not expect the standard to have a material impact on our Consolidated Financial Statements.

- (2) During 2026, we contributed real estate properties and land to three new unconsolidated co-investment ventures: two development vehicles in the U.S. in the first quarter and one stabilized vehicle in Europe in the second quarter.

NOTE 3. UNCONSOLIDATED ENTITIES

Summary of Investments

We have investments in entities through a variety of ventures. We co-invest in entities that own multiple properties with partners and investors and we provide asset management and property management services to these entities, which we refer to as co-investment ventures. These entities may be consolidated or unconsolidated depending on the structure, our partner's participation and other rights and our level of control of the entity. This note details our investments in unconsolidated co-investment ventures, which are related parties and accounted for using the equity method of accounting. See Note 6 for more detail regarding our consolidated investments that are not wholly owned.

We also have investments in other ventures, generally with one partner, which we primarily account for using the equity method. We refer to our investments in both unconsolidated co-investment ventures and other ventures, collectively, as unconsolidated entities.

The following table summarizes our investments in and advances to unconsolidated entities (in thousands):

	June 30, 2026	December 31, 2025

- (1) During the six months ended June 30, 2026, we formed four new co-investment ventures with third-party investors: two development vehicles in the U.S., one stabilized vehicle in Europe and one acquisition vehicle in Asia. We contributed real estate properties, cash or a combination of both in exchange for equity ownership interests in these ventures. We account for our investment in these ventures under the equity method of accounting.
- (2) Prologis Brazil Logistics Venture and our other Brazilian joint ventures are combined as one venture for the purpose of this table.
- (3) In April 2026, we acquired our partner's interest in an unconsolidated co-investment venture in Asia and consolidated 74 operating properties aggregating 23 million square feet.
- (4) Prologis' investment balance is presented at our adjusted basis. The difference between our ownership interest of a venture's equity and our investment balance at June 30, 2026 and December 31, 2025, results principally from four types of transactions: (i) deferred gains from the contribution of property to a venture prior to January 1, 2018; (ii) recording additional costs associated with our investment in the venture; (iii) receivables, principally for fees and promotes; and (iv) customer security deposits retained subsequent to property contributions to Nippon Prologis REIT, Inc. and Prologis Japan Core Logistics Fund.
- (5) Represents our weighted average ownership interest in all unconsolidated co-investment ventures based on each entity's contribution of total assets before depreciation, net of other liabilities.

Equity Commitments Related to Certain Unconsolidated Co-Investment Ventures

At June 30, 2026, our outstanding equity commitments were \$930.5 million, primarily for our U.S. co-investment ventures. The equity commitments expire from 2026 to 2034 if they have not been previously called.

NOTE 4. ASSETS HELD FOR SALE OR CONTRIBUTION

We had investments in certain real estate properties that met the criteria to be classified as held for sale or contribution at June 30, 2026 and December 31, 2025. At the time of classification, these properties were expected to be sold to third parties or were recently stabilized and expected to be contributed to unconsolidated co-investment ventures within twelve months. The amounts included in *Assets Held for Sale or Contribution* in the Consolidated Balance Sheets represented real estate investment balances and the related assets; liabilities related to properties held for sale or contribution are included in *Other Liabilities*.

Assets held for sale or contribution consisted of the following (dollars and square feet in thousands):

	June 30, 2026	December 31, 2025
Number of operating properties	18	10
Square feet	4,124	1,914
Total assets held for sale or contribution	\$ 498,975	\$ 203,344
Total liabilities associated with assets held for sale or contribution – included in <i>Other Liabilities</i>	\$ 5,644	\$ 689

- (2) The weighted average term represents the remaining maturity in years, based on debt agreements in place, at period end. A weighted average term of less than a month is 0.0.

Pricing for the Credit Facilities, including the spread over the applicable benchmark and the rates applicable to facility fees and letter of credit fees, varies based on the public debt ratings of the OP. Our Credit Facilities are utilized to support our cash needs for general corporate purposes on a short-term basis. The maturities of the borrowings under the Credit Facilities generally range from overnight to three months.

Commercial Paper

We have commercial paper programs under which we may issue, repay and re-issue short-term unsecured commercial paper notes. The borrowings under these programs are for general corporate purposes. The maturities generally range from overnight to three months. Under customary terms in the commercial paper market, the notes are issued either at a discount to par or at par with fixed or floating interest rates. At any point in time, we are required to maintain available commitments under our Credit Facilities in an amount at least equal to the amount of notes outstanding under these programs. The following table summarizes our commercial paper programs at June 30, 2026 (principal in thousands):

Financial Debt Covenants

Our Credit Facilities, senior notes and term loans outstanding at June 30, 2026 were subject to certain financial covenants under their related documents. At June 30, 2026, we were in compliance with all of our financial debt covenants.

Guarantee of Finance Subsidiary Debt

We have finance subsidiaries as part of our operations in Europe (Prologis Euro Finance LLC), Japan (Prologis Yen Finance LLC) and the U.K. (Prologis Sterling Finance LLC) in order to mitigate our foreign currency risk by borrowing in the currencies in which we invest. These entities are 100% indirectly owned by the OP and all unsecured debt issued or to be issued by each entity is or will be fully and unconditionally guaranteed by the OP. There are no restrictions or limits on the OP's ability to obtain funds from its subsidiaries by dividend or loan. In reliance on Rule 13-01 of Regulation S-X, the separate financial statements of Prologis Euro Finance LLC, Prologis Yen Finance LLC and Prologis Sterling Finance LLC are not provided.

NOTE 6. NONCONTROLLING INTERESTS

Prologis, L.P.

We report noncontrolling interests related to several entities we consolidate but of which we do not own 100% of the equity. These entities include two real estate partnerships that have issued limited partnership units to third parties. Depending on the specific partnership agreements, these limited partnership units are redeemable for cash or, at our option, shares of the Parent's common stock, generally at a rate of one share of common stock to one limited partnership unit. We also consolidate certain entities in which we do not own 100% of the equity but the equity of these entities is not exchangeable into our common stock.

Prologis, Inc.

The noncontrolling interests of the Parent include the noncontrolling interests described above for the OP, as well as the limited partnership units in the OP that are not owned by the Parent. The outstanding limited partnership units receive quarterly cash distributions equal to the quarterly dividends paid on our common stock pursuant to the terms of the applicable partnership agreements.

- (2) At June 30, 2026 and December 31, 2025, limited partnership units in the OP were exchangeable into cash or, at our option, 11.5 million and 14.9 million shares of the Parent's common stock, respectively, and vested OP Long-Term Incentive Plan Units ("LTIP Units") associated with our long-term compensation plans were exchangeable into 7.4 million and 6.9 million shares of the Parent's common stock, respectively. See further discussion of LTIP Units in Note 7.

NOTE 7. LONG-TERM COMPENSATION

Equity-Based Compensation Programs

Our equity-based compensation programs, including a description of performance hurdles, vesting periods and other information related to our programs, are described in our Annual Report on Form 10-K for the year ended December 31, 2025. There have been no significant changes to these programs from what was previously disclosed.

Performance Stock Unit ("PSU") Program

Beginning in January 2024, PSUs have been granted under the Company's 2020 Long-Term Incentive Plan and are settled in equity at the end of a three-year performance period if applicable market-based performance hurdles are met.

The fair value of the awards is measured at the grant date and amortized over the period from the grant date to the date at which the awards vest, regardless of whether the market condition has been satisfied, which ranges from three to five years. We granted PSUs for the 2026 – 2028 performance period in January 2026, with a fair value of \$76.2 million. The fair value was calculated using a Monte Carlo valuation model that assumed a risk-free interest rate of 3.7% and an expected volatility of 26.0% for Prologis and 27.5% for the peer group companies.

Prologis Outperformance Plan ("POP")

In prior years, we granted awards under our POP. After 2024, no new awards were granted under the POP. The RSUs and LTIP Units table below includes POP awards that were earned but are unvested, while any vested awards are reflected within the Consolidated Statements of Equity and Capital.

Other Equity-Based Compensation Programs

Our other equity-based compensation programs include: (i) the Prologis Promote Plan; (ii) the annual long-term incentive equity award program; and (iii) the annual bonus exchange program. Awards under these programs may be issued in the form of RSUs or LTIP Units at the participants' elections. RSUs and LTIP Units are valued based on the market price of the Parent's common stock at the grant date, and the grant date fair value is recognized as compensation expense over the service period.

NOTE 8. EARNINGS PER COMMON SHARE OR UNIT

We determine basic earnings per share or unit based on the weighted average number of shares of common stock or units outstanding during the period. We compute diluted earnings per share or unit based on the weighted average number of shares or units outstanding combined with the incremental weighted average effect from all outstanding potentially dilutive instruments. During the year ended December 31, 2025, all Class A Units in the OP were converted to limited partnership units in the OP.

The computation of our basic and diluted earnings per share and unit was as follows (in thousands, except per share and unit amounts):

NOTE 9. FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS

Derivative Financial Instruments

In the normal course of business, our operations are exposed to market risks, including the effect of changes in foreign currency exchange rates and interest rates. We may enter into derivative financial instruments to offset these underlying market risks. There have been no significant changes in our policy and strategy from what was disclosed in our Annual Report on Form 10-K for the year ended December 31, 2025.

Fair Value Measurements

There have been no significant changes in our policy from what was disclosed in our Annual Report on Form 10-K for the year ended December 31, 2025.

Fair Value Measurements on a Recurring Basis

At June 30, 2026 and December 31, 2025, other than the derivatives discussed previously, we had no significant financial assets or financial liabilities that were measured at fair value on a recurring basis in the Consolidated Financial Statements. All of our derivatives held at June 30, 2026 and December 31, 2025, were classified as Level 2 of the fair value hierarchy.

Fair Value Measurements on Nonrecurring Basis

Acquired properties, certain assets we expect to sell or contribute and assets subject to impairment charges are significant nonfinancial assets that met the criteria to be measured at fair value on a nonrecurring basis. At June 30, 2026 and December 31, 2025, we estimated the fair value of our properties using Level 2 or Level 3 inputs from the fair value hierarchy. See more information on our acquired properties in Note 2 and assets held for sale or contribution in Note 4.

Fair Value of Financial Instruments

At June 30, 2026 and December 31, 2025, the carrying amounts of certain financial instruments, including cash and cash equivalents, accounts and notes receivable, accounts payable and accrued expenses were representative of their fair values.

The differences in the fair value of our debt from the carrying value in the table below were the result of differences in interest rates or borrowing spreads that were available to us at June 30, 2026 and December 31, 2025, as compared with those in effect when the debt was issued or assumed, including lower borrowing spreads due to our credit ratings. See Note 5 for more information on our debt activity.

The following table reflects the carrying amounts and estimated fair values of our debt (in thousands):

NOTE 10. REPORTABLE SEGMENTS

Our current business strategy includes two reportable segments: Real Estate (Rental Operations and Development) and Strategic Capital. We generate revenues, earnings, net operating income and cash flows through our segments, as follows:

- **Real Estate Segment.** This reportable segment represents the ownership and development of operating properties and is the largest component of our revenue and earnings. We collect rent from our customers through operating leases, including reimbursements for the majority of our property operating costs. The Real Estate Segment also includes development activities that lead to rental operations, including land held for development and properties currently under development, and other real estate investments, including renewable energy assets.
- **Strategic Capital Segment.** This reportable segment represents the management of unconsolidated co-investment ventures. We generate strategic capital revenues primarily from our unconsolidated co-investment ventures through asset management and property management services and we earn additional revenues by providing leasing, acquisition, construction, development, financing and disposition services. Depending on the structure of the venture and the returns provided to our partners, we also earn revenues through promotes periodically during the life of a venture or upon liquidation.

Our management Executive Committee ("EC") is our Chief Operating Decision Maker ("CODM") and regularly reviews operating results and makes strategic and operating decisions with regards to assessing performance and allocating resources based on our two reportable segments. At June 30, 2026, the EC consisted of the Chief Executive Officer; Chief Operating Officer; Chief Financial Officer; Chief Development Officer; Chief Legal Officer and General Counsel; Chief Administrative Officer/Chief Human Resources Officer; Chief Energy and Sustainability Officer and Managing Director, Strategic Capital. The operating results reviewed by the EC include net operating income ("NOI"), the measure most consistent with U.S. GAAP.

NOI from the Real Estate Segment is calculated directly from the Consolidated Statements of Income as *Rental Revenues* and *Development Management and Other Revenues* less *Rental Expenses* and *Other Expenses*.

[Index](#)

NOI from the Strategic Capital Segment is calculated directly from the Consolidated Statements of Income as *Strategic Capital Revenues* less *Strategic Capital Expenses*.

Our EC analyzes the NOI of each reportable segment on a quarterly basis comparing actuals to prior period actuals, along with forecasted future amounts and utilizes operating metrics to understand and evaluate the performance of our operations and to allocate resources.

Below we present: (i) each reportable segment's revenues from external customers to *Total Revenues*; (ii) each reportable segment's expenses to *Total Expenses* excluding non-segment items; (iii) each reportable segment's net operating income from external customers, calculated as each reportable segment's revenues less segment expenses, to *Operating Income and Earnings Before Income Taxes*; and (iv) each reportable segment's assets to *Total Assets*.

The applicable components of *Total Revenues*, *Total Expenses*, *Operating Income*, *Earnings Before Income Taxes* and *Total Assets* in the Consolidated Financial Statements are allocated to each reportable segment's revenues, expenses, net operating income and assets.

Items that are not directly assignable to a reportable segment, are not allocated but reflected as non-segment items (general and administrative expenses and real estate adjustments for depreciation and gains and losses on contributions and sales) due to how our CODM utilizes segment information for planning and execution of our business strategy.
