INNOVATING TO MAKE AN IMPACT ON OUR ENVIRONMENT

SEGRO Centre Kentish Town is designed to facilitate more efficient, more sustainable warehouse operations, as well as the adoption of greener transportation.

INNOVATIVE SUSTAINABLE MEASURES

SEGRO Centre Kentish Town will set a benchmark for sustainable and environmentally friendly space of this type in London by incorporating modern innovations such as LED lighting (60,000 hours of life), air purifying paint, electric car charging points and PV panels.

BENCHMARK ENVIRONMENTAL STANDARDS

SEGRO Centre Kentish Town will achieve: EPC A+ / Net Carbon Zero / BREEAM 'Outstanding'.

RENEWABLE ENERGY

Photovoltaic panels that generate electricity from the sun will produce enough renewable electricity to power the unit – the equivalent of 9.5 average households each day or saving the amount of carbon saved by 306 new trees.

REDUCING AIR POLLUTION

External green living walls will extract harmful gases from the atmosphere, such as Nitrogen Dioxide, allowing for cleaner air to circulate.

SUPPORTING TRANSPORT ELECTRIFICATION

With the future of transport changing, SEGRO Centre Kentish Town will provide state-of-the-art infrastructure to support electric vehicle charging points and encourage the use of electric fleets.

RAINWATER HARVESTING

Modern rainwater harvesting technology will be used to collect and supply water to facilities such as the toilets, to acting as a natural and renewable source and reduce the site's impact on Camden's water supplies.

WALKING AND CYCLING TO WORK

London is one of the world's best cities for active commutes, and modern facilities, cycle racks and a locker room will be installed to encourage employees to cycle, run and walk to work.

VERSATILE SPACE

SEGRO Centre Kentish Town is designed with flexibility at its core. Its high-specification warehouse spaces can be easily adapted to suit a range of industrial business needs, and ancillary facilities and amenities make it a full-service solution for the long term.

EMPLOYEE WELLBEING

SEGRO is a member of the International WELL Building Institute and a founding member of the UK Green Building Council. As such, we've put the health and wellness of our customers, and their teams, at the heart of this building's design and refurbishment.

Considerable thought has gone into the site's wellness facilities and how they create a pleasant working environment. Modern facilities including showers and changing rooms will be available for employee use. Living green walls externally will improve air quality and promote wellbeing, while intelligent heating and cooling systems provide optimal comfort.

HAPPILY EVER AFTERCARE

SEGRO AS A LANDLORD

By working closely with local stakeholders, SEGRO enables businesses to thrive. Future-proofing new buildings and providing ongoing support and access to training and recruitment opportunities meets the changing needs of customers.
